INDIA INSURTECH
ASSOCIATION

India InsurTech Association (IIA) is a not-for-profit that brings together the entire Insurtech ecosystem of startups, insurers, reinsurers, policymakers, service providers, and insurance professionals onto a single platform. IIA's goal is to facilitate technology usage across the insurance value chain in India. The association seeks to promote new digital business models, build collaboration between start-ups and all the other participants of the insurance industry. For more details on our mission, vision, members, partners, and activities, please visit - www.indiaInsurtech.com

Rapid growth in Insurtech funding has continued across the globe, has seen strong momentum in India

- Global funding in Insurtechs has grown 7X in the last 5 years;
- Continued momentum was seen even during COVID – 19; India has shown very strong momentum - funding has doubled in the last 2 years
- GI and B2C focused Insurtechs continue to see strong funding in India
- India will be the sixth-largest insurance market within a decade, leapfrogging Germany, Canada, Italy and South Korea.

Factors Playing out in Insurance Industry

- Importance of higher distribution penetration and reach; Insurance penetration for key products such as health and life insurance continues to remain low in India vs global leaders (~3% for life insurance, ~35% for health insurance)
 - Data and Analytics as core capabilities
 - Criticality of enhanced customer experience
 - Emergence of New customers segments; Tier 2 and below to contribute to 70% of consumption by 2030
 - Further emphasis on health insurance through the National Health Stack; Insurance receiving strong thrust from the government.
- 

Key Elements - Insure Tech

Integrating the product with customer journeys; targeted & personalized – Aligning with customer behaviour

Augmented advisors; AI-enabled agent lifecycle management

Acceleration of direct-to-customer digital sales with simpler products

Digital for enabling sales teams, for building new channels, for automating processes

New capabilities ; Digital marketing, User experience design, Tech(eg, martech), Agile

Underlying of Digital Insurance

Embrace AI capabilities at Scale; Engage with customers in targeted ways leveraging AI to detect new purchasing patterns, tailor offering and optimize sales processes

Build digitally enabled & seamless distribution; Manage high-value activities, to ensure an outstanding customer experience.

Creating personalized propositions in real life customer context
